- 1. FLIEDNER SCHOLARSHIPS:** Fliedner Foundation pays special attention to those families and students of our Educational Community who are going through situations of particular social and economic hardship. Fliedner Scholarships are economic aid to these families.

The Fund is nourished by institutional and personal donations and own funds from the Fliedner Foundation.

- 2. CULTURAL PROJECT**
(concerts, exhibitions...)

- 3. SCHOOL FOR FAMILIES**

This project's aim is to help families with preschool and school aged children to solve conflicts and complex situations that take place in children's lives and have impact on the family environment and the educational progress of children at school.

I am deeply grateful for having the chance of enjoying the Fliedner Scholarship for my two kids. If it had not been for it, we would not be here. And in another school, my kids would not be the persons they are now.
